State Of the art, innovative Lithium packaged Caravans for Ultimate Off-Grid Freedom

Supreme and Leader Caravans Celebrates Milestone: 20,000th Caravan Manufactured in 39 Years

Supreme and Leader Caravans, a pioneer in the Australian caravan industry, proudly announces the production of its **20,000th caravan**, marking nearly four decades of excellence in craftsmanship, innovation, and adventure-ready design.

Since its founding in 1986, Supreme and Leader Caravans has provided high-quality, Australian-made caravans that enable families and adventurers to explore the country in comfort and style.

Over the past **39 years**, the company has evolved with the industry, pioneering cutting-edge features, sustainable materials, and customer-focused solutions setting new benchmarks for durability and performance.

“Reaching 20,000 caravans is a testament to our team’s dedication, the trust of our customers, and our commitment to Australian manufacturing,” says Karl Prosenik, Director at Supreme and Leader Caravans **“Every caravan we build is designed to enhance the travel experience and this milestone reflects the journeys, memories, and adventures our customers have enjoyed over the years.”**

Key Features of the 20k Series:

- **Advanced Lithium Power** – High-capacity lithium battery systems provide extended energy storage for long-term camping.
- **REDARC 3000-Watt Inverter Technology/RED ARC Battery Management** – Power essential appliances, from air conditioning to kitchen equipment, without limitations.
- **Total Free Camping** – No need for external power, enabling true off-grid adventures with confidence.
- **Sustainable & Efficient** – Reduced reliance on generators and fossil fuels for a quieter, eco-friendlier experience.
- **Exceptional quality and value**- Using the best products available at a price point that sets a new benchmark in Australian built caravans.

Designed for modern explorers who demand both performance and sustainability, the new caravan range by Supreme and Leader Caravans ensures seamless off-grid living without compromise.

As demand for high-quality, locally built caravans continues to grow, Supreme and Leader Caravans remains committed to innovation, craftsmanship, and customer satisfaction. This achievement highlights the company’s legacy and reinforces its future vision—continuing to lead the way in Australian caravan manufacturing for generations to come.
