Padova, April 2025,

Carrera Eyewear, part of Safilo Group - one of the eyewear industry's key players in the design, manufacturing and distribution of prescription frames, sunglasses, outdoor eyewear, goggles, and helmets - and Pat Cummins confirm their partnership again for 2025 and announce an early new release of CARRERA | PAT CUMMINS selection.

Pat Cummins, Australia's leading fast bowler and one of the top pace-bowling all-rounders in the world, is widely regarded as one of the finest cricket athletes globally. As captain, he led Australia to victory in both the 2023 ODI World Cup and the 2021-2023 World Test Championship. In the 2024 IPL season, Pat Cummins joined Sunrisers Hyderabad, where he will continue to serve as their captain for the 2025 season. This remarkable partnership perfectly reflects the brand's ethos, captured in the slogan: "The state of mind and allure of competitive souls who dare to make a difference."

Waiting for the new release of the collaboration, Pat is wearing Carrera CSport 02, from the new Carrera Sport Collection, during both matches and training sessions.

Carrera Eyewear Sport Collection presents iconic style in vitaminic colors, inspired from the archives of a brand that made the history of sport, together with unique technical characteristics to ensure maximum comfort. The gum nose pad and adaptable temples with an anatomic design and holes on the end tips allow the wearer to personalize their look with exclusive dedicated accessories like customized bands, ideal to fix the eyewear even during training.
