QUICKSTEP CELEBRATES 20 YEARS

Quickstep releases a new logo to commemorate 20 years of business.

Sydney 3 March 2021: From our humble beginnings in Perth with 8 employees, through our continued growth and profitability, to our recent acquisition and the creation of QAS at Melbourne Airport, we are delighted to celebrate 20 years of Quickstep!

Quickstep has forged on throughout the pandemic with a workforce of over 270, focusing on health, safety and business resilience. We are proud members of CBCC who we consider great supporters of the local business community.

ABOUT QUICKSTEP:

Quickstep (ASX: QHL) is the largest independent aerospace manufacturer in Australia, operating from state-of-the-art manufacturing facilities at Bankstown Airport in Sydney, NSW, a manufacturing, R&D & process development centre in Geelong, and an Aviation Maintenance, Repair and Overhaul facility at Melbourne Airport, Victoria. The group employs more than 270 people in Australia and internationally. Quickstep is partnering with some of the world's largest aerospace / defence organisations including Lockheed Martin (US), Northrop Grumman (US), Boeing Defense (US) and BAE Systems (UK), as well as Victorian-based Marand Precision Engineering.
