## A Call for Unity

Advancing Australia Through Common Ground and Shared Purpose

Australia stands at a defining moment in history!

As Australians seek strong leadership and real solutions, we need a united commitment from all Australians to STAND TOGETHER and take back their country and governments from all anti-Australian agendas and influence.

We need a strong alternative to the current UniParty system of Labor/Greens/Teals and Liberal/Nationals.

We offer *Trumpet of Patriots*, its leader Suellen Wrightson, and its executive team the opportunity to unite on common ground and share a common purpose - to advance Australia for all Australians.

We agree that we need to MAKE AUSTRALIA GREAT AGAIN—But we must do it together.

### Key Political and Social Figures Standing in Support

At the heart of this petition is the undivided support of key political and social figures who recognise the urgent need for unity and decisive action:

- Rod Culleton – Founder of Great Australia Party (GAP), former Senator for WA
- Bob Day – Founder of Australia Family Party, former Senator for SA
- Alan Tutt – Founder of Belco Party ACT
- Silvana Nile – Former Candidate of the Christian Democratic Party (CDP) NSW
- Dr Chris Neil – President of the Australian Medical Professionals' Society (AMPS)
- Aidan McLindon – Who is the Mayor of the City of Whittlesea VIC
- Kevin Loughrey – Co-Founder of Australians for Better Government
- More To Come

Now is the time to set aside differences and work toward a collective vision that:

- Strengthens our communities
- Restores hope with an affordable cost of living
- Drives economic prosperity and opportunity
- Upholds the values that make our nation great

## Calling on the GRAND FREEDOM COALITION and Other Patriots to Unite

We urge all Australians to encourage the Grand Freedom Coalition, its members, members of Parliament, local councillors, and endorsed candidates to join with this UNITY Movement for this historic federal election.

We also call out to Katter's Australia Party, Dai Le & Frank Carbone W.S.C, and any other parties and independents who understand that by working together in a united movement, split votes, and leaking preferences from the broken preferencing system will no longer hand Government back to the UniParties and the Teals.

### Political Division serves only those who profit from a Fractured Society and Concentrated Power.

"As the founders and leaders of separate registered or former registered political parties and organisations in Australia, we are prepared to set aside our own established parties—which were founded with a heartfelt commitment to making a difference - for the greater goal of uniting under *Trumpet of Patriots* for this history-making federal election.

We seek to run ourselves and bring all our preselected candidates to stand with *Trumpet of Patriots*—united together as one."

Imagine an Australian representative All-Stars political team, where the best players from different parties and organisational teams across the country unite into a single team to represent Australia on the world stage. That is precisely what we must do now in politics.

Working together, the UNITY Movement and the Grand Freedom Coalition can restore this country and make Australia better together.

Let's encourage all like-minded political parties and independents who want to return Australia to its original sovereign state under the original Commonwealth Constitution and the Federal Government to represent the people of Australia and the country of Australia to unite under the Trumpet of Patriots banner.

# Calling on One Nation, Family First Australia And Other Patriotic Registered Parties and Independents to Preference Together.

In the name of unity, we call on One Nation, Family First Australia and any other Patriotic Registered Parties and Independents to preference in the following way;

1. Preference Trumpet of Patriots and the Grand Freedom Coalition in the Senate either 2 or 3 before any other parties, independents, the Uniparty or Teals.
2. Preference Trumpet of Patriots and the Grand Freedom Coalition lower house candidates in each of the 150 lower house seats before any other parties, independents or the Uniparty or Teals

This will demonstrate to their members and supporters that they, too, are committed to a united Australia that has had enough of the UniParty and the Teals.

We must act now to prevent power from falling back into the hands of the major parties, where preferences overwhelmingly tend to flow.

This is a critical moment to ensure that true representatives of the people—not career politicians—determine our nation's future.

**PEOPLE BEFORE PARTY. POLICIES BEFORE POLITICS.**

## A Call to Action: Stand Together for Australia's Future

The future of Australia depends on those willing to stand together, work diligently, and deliver actual results for the people of this nation.

By all working together in UNITY, we can call all the combined members, supporters and the broader Australian Public to STAND TOGETHER and be the Grassroots Army to;

1. Spread the word far and wide by word of mouth and online
2. Help with local community engagement and interaction and ensure we stand up for the issues all Australians are concerned about locally.
3. Help with Letter Box Drops if needed
4. Help on Polling Booths for Prepoll and Election Day
5. Be SCRUTINEERS in every Polling Booth Australia-wide

This is a call to action, a call to accountability, and a call to restore the nation we know and love.

Let unity—not division—define our nation's path forward.

## It's time to blow the Trumpet!

Let's help lead all Australian Patriots to victory, to take our country back, and fight for a future of:

 Reduced Cost of Living

 Australian Sovereignty

 Hope and Opportunity

 Free Speech

 Freedom of Religion

 One Nation Under One Flag
