

## Huge education fair coming to the Sunshine Coast

Calling all Sunshine Coast families, kids, schools and educators! Put July 22, 2023 in your diary as the Sunshine Coast Education Fair is coming to UniSC Stadium!

The Education Fair promises to be an event like no other. Part expo, part fair, part activity day, this free event will bring together providers from every stage of a child's learning journey under one roof.

"The Education Fair is a one-stop shop for families considering their children's education and development," says Event Manager Helen Rush.

"From early learning and childcare through to tutoring and tertiary, it is an unmissable event for anyone exploring education options in the area."

Expos can be super-boring for kids, so this event will be so much more than stands and show bags. There will be performances, arts and crafts, storytime, 'come and try' sessions, hands-on demonstrations, yummy food, kids entertainment and activity spaces.

"Whether you are looking independent school options, distance learning advice, tutoring, kids sports and activities, learning with additional needs, the Education Fair has the region's experts and suppliers under one roof. And it will be a really fun day out for the whole family!" Helen says.

### Sectors that will be represented at the Education Fair include:

- Childcare, early learning and kindergarten
- Homeschooling
- Distance/virtual learning
- Private schools
- State schools
- Tutoring and LOTE
- Learning with additional needs
- Parental support
- Kids sports and activities
- Swim schools
- VET & Tertiary options
