**29 March 2023** In its 19<sup>th</sup> year, Beaton Research announces the 2023 Client Choice Award finalists, and winners in the professional services sector in Australia and New Zealand.

Garling and Co is delighted to share our success in the Legal and Related Services award categories in the **Client Choice Awards, 2023**.

- Finalist Best Law and Related Services Firm (<30mil)
- Winner Best Personal Injury Firm (<30mil)

“These awards are testament to our true values at Garling and Co. We believe simply that **the number one priority is to provide our clients with exceptional service throughout their claim.**” said Matthew Garling, Principal Lawyer Garling and Co.

The Client Choice Awards, in their 19<sup>th</sup> year of operation, are the only multi-profession and fully client-judged awards anywhere in the world. “To be recognised by our clients, speaks directly to the high level of care and service we strive to provide.”

Having previously been recognised for many years in peer and industry related awards, Garling and Co are a multi-award-winning boutique personal injury law firm.

“We do this work because it changes the lives of our clients. Those clients who have experienced catastrophic injuries are able to start living again.”

Garling and Co would like to sincerely thank their clients for their support in winning this award. “We could not have won this award without our clients and their heart-warming feedback on their experiences with our team. This award is a testament to the genuine care of our clients by every one of our team members, who, through hard work and dedication, have changed lives for the better.”

The 2023 Client Choice awards had over 270 firms enter, and more than 17,000 clients provided feedback used to evaluate the firms and award the finalists and winners by Beaton Research + Consulting. Clearly, being an outright winner of one category and finalist of another shows why Garling and Co is truly an exceptional firm.

Dr George Beaton, Executive Chairman of Beaton said “The number and caliber of entrants to the Client Choice Awards continues to improve year on year. For 20 years, through Beaton Benchmarks we’ve watched the professional services industry drive up client service standards in every sector. It is impressive to watch and fascinating to see the heights to which firms can soar by listening to client feedback and drawing on benchmarks to continuously improve and deliver excellent client service.”

## **About the Client Choice Awards**

The Client Choice Awards recognise best practice in the professional services sector and are based on client feedback for professional services firms in Australia and New Zealand. There are no panels, judges or self-nominations, only client ratings that are independently researched by Beaton.

Each year, Beaton asks tens of thousands of clients to evaluate the services they have received from professional services firms entering the Client Choice Awards. Full client feedback responses are sent directly and confidentially to Beaton, not the firms, encouraging objectivity and honesty.

Congratulations to all winners and finalists in the 2023 Client Choice Awards.
