Empowering Australian Charities: VisitUs Provides Free Visitor Management Subscriptions in \$500,000 Charitable Drive

Sydney – 28th August 2023- VisitUs, a leading global provider of cutting-edge visitor management solutions, proudly announces its latest initiative aimed at supporting Australian charities. The company is offering complimentary subscriptions to its world-class visitor management system until a total value of \$500,000 has been donated.

The "VisitUs Cares: Empowering Australian Charities" promotion reflects the company's commitment to making a positive impact in the community and giving back to those in need. This program will

empower charities across Australia to enhance their front-of-house operations and create seamless and secure visitor experiences, enabling them to focus on their essential missions.

By utilising their state-of-the-art visitor management system, participating charities can streamline visitor check-ins, send instant alert notifications, enhance security protocols, and capture essential visitor data efficiently and effortlessly. This technology will not only optimise their daily operations but also leave a lasting impression on their visitors and stakeholders.

"We are thrilled to introduce the 'VisitUs Cares' initiative and contribute to the incredible work that Australian charities do in making a difference in people's lives," said Alister Wood Director of VisitUs. "By providing these organisations with our innovative visitor management system, we hope to empower them in their endeavours and improve their overall efficiency, safety, and visitor experience."

To participate in this program, Australian charities are invited to apply through the VisitUs website (visit-us.com or <https://visit-us.com/visitor-management-system-for-charities/>). The subscriptions will be awarded on a first-come, first-served basis until the cumulative value of \$500,000 is reached. Eligible charities are encouraged to apply promptly to secure their free subscription.

As a global leader in visitor management technology, VisitUs has been dedicated to helping businesses and organisations of all sizes across the world create secure and streamlined visitor experiences. Through this charitable initiative, the company reaffirms its commitment to corporate social responsibility and community development.
