Extraordinary Turn of Luck: Winners Locker's Giveaway Transforms a Life in Crisis

Gold Coast, Queensland - November 2, 2023 - Winners Locker, a rapidly emerging Gold Coast-based company backed by Localsearch founder Glenn Hargraves, has recently achieved what could only be described as a profound and touching milestone. Winners Locker's company's mission to transform lives through remarkable giveaways and extraordinary rewards hit a powerful chord with Christian Greenhalgh, the lucky winner of their giveaway.

The first giveaway, held on September 12th, granted Christian from Shepparton Victoria an unbelievable \$34,000 prize that included four tickets to the NRL Grand Final, a brand-new Sea-Doo jetski, and a \$10,000 travel voucher. But it was Christian's personal journey that made this win nothing short of miraculous.

Less than a week before the announcement of his victory, Christian was in a dark place, grappling with severe mental health issues that had led to an attempt on his own life. This incredible turnaround of fortune brought hope, joy, and new possibilities into Christian's life.

"I had just been released from the hospital, having nearly given up on life, and a week later, I get this incredible call from Winners Locker," said Christian, the lucky winner.

"Winners Locker has been more than just a lifeline; it's been a beacon of hope during some of my toughest moments. The chance to visit the Gold Coast and attend the NRL final in Sydney turned my life around in ways I could never have imagined," Christian added.

Upon being contacted by the [Winners Locker](#) team, Christian was left in awe, scarcely able to speak as the realization of his astonishing win sank in. His life had taken an unforeseen and extraordinary turn for the better.

Christian expressed how this transformation had an indelible impact on his life, stating that the Winners Locker Ultimate Grand Final Experience giveaway was a turning point that he would never forget. The Winners Locker team flew Christian to the Gold Coast to meet him in person and officially present him with his epic prize. A few weeks later, he, along with his family, attended the NRL Grand Final in Sydney for a once-in-a-lifetime experience. The entire journey was fully funded by Winners Locker, ensuring that Christian had an unforgettable and magical experience.

For a company that's partnered with leading mental health organisation Livin, Christian's story serves as a testament to the powerful impact of their mission.

Hailing from the Gold Coast, Winners Locker is backed by Glenn Hargraves, the co-founder of Localsearch, one of Australia's foremost digital marketing giants.

Winners Locker's innovative app and a prize pool of over \$400,000, including VIP sports experiences, brand new cars, epic holidays, jet skis, and more, demonstrate their commitment to giving back to their members in ways that exceed the competition.

As Winners Locker forges forward, they continue to focus on delivering remarkable giveaways and life-changing rewards, driven by the desire to enrich the lives of their members.
