- Live performance recordings and interviews

Marcia Hines, Australian music legend, sings iconic gospel hits and discusses how her own faith has helped forge 50 years in the music industry. Included are never before heard stories from behind the industry curtain told by one of Australia's most enduring, celebrated artists.

Join Marcia Hines, one of Australia's most enduring talents, behind the velvet curtain on a strikingly candid journey through her life as she shares pivotal moments that have shaped her album 'The Gospel According To Marcia'. Marcia's story is woven through captivating live performances of powerful gospel songs plus select gospel renditions of the artist's own iconic hits.

Marcia speaks her truth on many of life's big questions including her thoughts on war, religious freedom, working full time as a 16 year old mother in a foreign country, and the importance of family in finding (and keeping) the candle of faith burning throughout Marcia's life.

"This album (The Gospel According To Marcia) represents a coming home for me," Says Ms Hines. "My childhood life in Boston accompanying my godmother, Flo, to church on Sunday

mornings gave me joy and happiness. That same joy and happiness surrounds every song, old and new, that I've chosen for this album, and I am so proud to introduce it to you!”

‘The Gospel According To Marcia’ brings forth all of the joy of giving praise without needing to visit a place of worship - a powerful gift to viewers in the modern world.
